DECLARATION OF PRODUCT'S QUALIFICATION FOR USE IN THE FOOD INDUSTRY

Dear Customer,

This document hereby certifies that all meat cutting band saw blades, circular saw blades, grinder plates and knives, as well as all ancillary equipment and supplies provided by EDGE Manufacturing GmbH are in full conformance with the Meat Industry Suppliers Association (MISA), Food Machinery Service Institute (FMSI) and EC Regulation (EG) No. 2023/2006 and No. 1935/2004. The products supplied by EDGE Manufacturing GmbH are qualified for use in processing meat, fish and poultry intended for human consumption.

Band saw blades are produced in compliance with the requirements set forth in section 3.1 (Hardened Tip Bands) of the "Specifications for Meat Cutting Band Saw Blades (Meat, Fish and Poultry)" as prepared and published by the Standards Committee of the MISA and FMSI.

Meat chopper plates are produced in compliance with the requirements of "Specifications For Meat Chopper Plates" as prepared and published by the Standards Committee of the MISA and FMSI.

All band saw material is coated with a food-grade rust preventive oil prior to shipment, in order to protect the coil from corrosion.

The use of products supplied by EDGE Manufacturing GmbH is in compliance with United States Department of Agriculture (USDA) Regulations and EC Regulations (EG) No. 2023/2006 and No. 1935/2004.
